

COVID-19 School Support Package

FACILITATE DISTANCE LEARNING

With schools around the country facing unprecedented challenges we have put together a special support package to help schools and to keep staff and students working productively.

WTE Writing Programmes are working in schools across Australasia every day of the week. And we have shown effect scores, twice Hattie's usual rate for student improvement.

The backbone of our programme is Writer's Toolbox: WTE 2.0—an award-winning multi-platform, cloud-based writing programme (suitable Year 4-12). Teachers of any subject area—from English to Science to PE—can set and mark tasks in a rich-graphical interface. And our new advanced interactive feedback gives students immediate suggestions on the quality of their writing from unique AI technology, even without your teacher present. [Read more here.](#)

We are offering more than a 60% pricing reduction:

New Clients:

- Staff and Student Licences \$15 each
 - School account establishment fee \$500
- This fee allows access to free teacher training webinars to support your staff.

Existing Online Tool Clients:

- Additional Staff and Student Licences \$10 each

PRICING IS GST EXCLUSIVE.

- ▶ Full remote access: all writing subjects including English, Humanities, RE, Science, PE etc.
- ▶ AI technology assesses quality of student writing, including sentence and paragraph construction, giving instant feedback.
- ▶ Provides teachers the ability to build subject specific tasks inclusive of current teacher resources, using rich graphical content.
